

MAKING A DIFFERENCE

ENVIRONMENTAL POLICY

At IGO, we care about the environment and take action proactively to both minimise and mitigate our impacts.

The Company will therefore:

- Operate in accordance with our environmental management systems
- Monitor and measure our impacts
- Implement risk management strategies based on valid data and sound science
- Identify the environmental aspects and potential impacts associated with our operations
- Establish, implement and maintain documented environmental objectives and targets
- Actively reduce pollution and waste
- Diligently plan for mine closure and progressively rehabilitate the areas we disturb
- Contribute to the conservation of biodiversity and integrated approaches to land use planning
- Fulfil our obligations, identify and report non-compliance, and complete corrective actions
- Facilitate and encourage responsible product design, use, re-use, recycling and disposal of our products
- Implement effective and transparent engagement, communication and independently verified reporting arrangements with our stakeholders.

All IGO employees and contractors have a shared and personal responsibility to ensure our business activities are managed in accordance with this Environmental Policy.
