1. INTRODUCTION

IGO Limited (IGO or the Company) is committed to implementing and maintaining the highest standards of corporate governance. In determining what those standards should involve, IGO has adopted the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 4th Edition (the ASX Principles and Recommendations).

2. PURPOSE

This Charter sets out the role and responsibilities of the Board of IGO (the Board) within the governance structure of IGO and its related bodies corporate (as defined in the Corporations Act 2001 (Cth)) (the Group).

The conduct of the Board is governed by the Constitution of IGO, the Corporations Act, the Listing Rules of the Australian Securities Exchange (ASX) and common law. This Charter is only a summary of the matters reserved to the Board and should therefore only be used as a general guide.

3. ROLE

The Board is responsible for promoting the success of the Group in a way which ensures that the interests of shareholders and all stakeholders are promoted and protected. The role of the Board is to represent the shareholders and promote and protect the interests of the Group and its stakeholders. To achieve this, the Directors will exercise all the powers of IGO, except any powers that the Corporations Act or IGO's Constitution require the shareholders to exercise in a general meeting.

Directors are required to exercise their powers and discharge their duties in good faith, and in the best interests of IGO and for a proper purpose. The interests of associates, individual shareholders, other companies, or personal interests of the Director or the Director's family must not be allowed to prevail over those of IGO's shareholders generally. Executive directors must always be alert to the potential for conflict of interest between management interests and their fiduciary duties as directors.

The Board may delegate some powers and functions to the Managing Director & CEO or executive directors for the day-to-day management of the Group. Powers and functions not delegated remain with the Board.

4. MEMBERSHIP

4.1 Size and Composition of the Board

The Directors of IGO (Directors) determine the size and composition of the Board, subject to the limits set out in the Constitution. The Constitution of IGO provides for a minimum of three directors. It is intended that a majority of the Board be independent directors. Membership of the Board shall be disclosed in the Annual Report, including whether a Director is independent or not independent. Loss or gain of independence shall be disclosed to the ASX.

4.2 Role of the Chair

The Chair, where practicable, shall be an independent director. If the Chair is not independent or ceases to be an independent director then the Board will consider appointing another director who is independent as a lead independent director.

The role of Chair and Managing Director & CEO shall not be exercised by the same individual. There is a clear division of responsibility at the head of IGO. The division of responsibilities between the Chair and the Managing Director & CEO should be agreed by the Board.

The Chair must be able to commit the time to discharge the role effectively. The Chair is responsible for the leadership of the Board and ensuring it is effective, setting the agenda of the Board, and conducting the Board and shareholder meetings. The Chair should facilitate the effective contribution of all Directors and promote constructive and respectful relations between Board members and Management.

In the event that the Chair is absent from a meeting of the Board then the Board shall appoint a Chair for that meeting.

4.3 Terms of Office

All Directors (except the Managing Director & CEO) are required by the Constitution of IGO to submit themselves for re-election at least every three years. Before a director is nominated for re-election at a shareholders' meeting, the Chair shall consult with the rest of the Board and review the director's performance before the Board endorses his or her re-nomination.

The Board does not believe that it should establish an arbitrary limit on tenure. While tenure limits can help to ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of directors who have developed, over time, an increasing insight into IGO and its operations. Consequently, although there is no maximum term for non-executive directors, where a non-executive director has served for more than ten years, the length of his or her service will be a relevant factor in assessing his or her continuing independence and contribution to the Board.

In light of the time commitment required by appointment to the Board, non-executive directors are asked to limit the number of other directorships for the duration of their appointment with IGO. Non-executive directors are asked to provide the Board with details of other commitments and an indication of time involved. The Board will regularly review the time required of a non-executive director and make an assessment as to whether the directors are able to meet their commitment to IGO.

4.4 Selection of New Directors

Subject to the Constitution of IGO, the Board shall decide on the recommendations of new directors.

In selecting new members for the Board, Directors shall have regard to the appropriate range of qualifications and expertise needed by the Board as a whole. The Directors shall endeavour to appoint individuals who will provide a mix of director characteristics and diverse experiences, perspectives and skills appropriate for IGO.

New directors are provided with a letter of appointment which sets out the key terms and conditions of their appointment.

- Audit and Risk Committee
- Sustainability Committee
- Nomination and Governance Committee
- People and Performance Committee

The Charters of the Committees are approved by the Board and are to be reviewed following any applicable regulatory changes. The Board will ensure that the Committees are sufficiently funded to enable them to fulfil their roles and discharge their responsibilities. Members of Committees are appointed by the Board. The Board may appoint additional directors to Committees or remove and replace members of Committees by resolution. The minutes of each Committee meeting shall be provided to the Board at the next occasion the Board meets following approval of the minutes of such Committee meeting.

The Board may also delegate specific functions to ad hoc committees on an 'as needs' basis. The powers delegated to these ad hoc committees will be set out in Board resolutions.

5.4 Board's Relationship with Management

The Board shall delegate responsibility for the day-to-day operations and administration of the Group to the Managing Director & CEO.

The Managing Director & CEO supported by the Executive Leadership Team is responsible for:

- ensuring all material matters that affect IGO are brought to the Board's attention.

Senior executives, including the Managing Director & CEO and the Chief Financial Officer, should have a formal job description and employment contracts or letters of appointment describing their term of office, duties, rights and responsibilities, and entitlements on termination.

In addition to formal reporting structures, members of the Board are encouraged to have direct communications with Management and other employees within the Group to facilitate the carrying out of their duties as Directors.

5.5 Access to Information and Advice

All Directors have access to Company records and information in order to discharge their responsibilities effectively, except where the Board determines that such access would be adverse to IGO's interests.

All Directors may consult Management and employees as reasonably required with prior notification to the Managing Director & CEO, as a matter of courtesy, to enable them to discharge their duties as directors.

Senior executives supply the Board with information in a form and time frame, and of a quality that enables the Board to discharge its duties effectively. Directors are entitled to request additional information where they consider such information necessary to make informed decisions.

The Board, Committees or individual directors may seek independent external professional advice as considered necessary for them to discharge their responsibilities as directors at the expense of IGO, subject to prior consultation with the Chairman. A copy of any such advice received will be made available to all members of the Board.

5.6 The Role of the Company Secretary

When requested by the Board, the Company Secretary will facilitate the flow of information to the Board, between the Board and its Committees and between senior executives and non-executive directors.

6. MEETINGS

The Board will meet regularly. Periodically, non-executive directors will meet without executive directors or Management present.

The quorum for a directors' meeting is two directors, and the quorum must be present at all times during the meeting. IGO's Constitution governs the regulation of Board meetings and proceedings.

7. ADMINISTRATIVE MATTERS

The Company will disclose this Charter on its website and will disclose the following in its Annual Corporate Governance Statement:

- Board membership
- the relevant experience and qualifications of each Board member
- the number of times the Board met during the financial year; and
- the individual attendances of members at Board meetings.

7.1 Directors' Shareholdings

All Directors have agreed to disclose publicly their shareholdings and all changes thereof as required by the ASX Listing Rules. The disclosed interests in shares held by Directors, their associates and their associated entities are the same as their economic interest.

All Directors are encouraged to purchase IGO shares. The aim of this is to ensure strong alignment between long term interests of Directors and shareholders.

IGO is committed to achieving greater diversity throughout the business and this includes the membership of the Board. To this end, the Board acknowledges that each current or future Director may have different personal circumstances. As such, no minimum shareholding requirement has been set in order to maximise the Company's opportunity to achieve the broadest range of diversity of directors on the Board.

Accordingly, Directors are encouraged to acquire and hold shares in IGO commensurate with their personal circumstances.

Directors are subject to the Group's Securities Trading Standard which provides that IGO securities may not be bought or sold without notification and approval of the Chair.

8. PERFORMANCE REVIEW

Once a year, the Board shall hold a meeting to review critically and discuss the performance of:

- the Board as a whole
- its Committees; and
- individual Directors.

This will periodically include an independent review using an external facilitator.

If it is apparent that there are problems which cannot be satisfactorily considered by the Board itself, the Board may decide to engage an independent adviser to undertake this review.

The Board, in conjunction with the Nomination and Governance Committee, will regularly review whether the Directors as a group have the skills, knowledge and familiarity with the Group and its operating environment required to fulfil their role on the Board and on Committees effectively and, where any gaps are identified, consider what training or development could be undertaken to fill those gaps.

9. REVIEW

The Board will review this Charter on an annual basis to ensure it remains consistent with the Board's objectives and responsibilities.
