

# MAKING A DIFFERENCE

## ENVIRONMENTAL POLICY

At IGO, we care about the environment and proactively take action to minimise and mitigate our impacts.

### Scope

Identify the environmental aspects and potential impacts associated with our operations

### Policy Statement

IGO will:

- Operate in accordance with our environmental management systems
- Monitor and measure our environmental impacts
- Implement risk management strategies based on valid data and sound science
- Establish, implement, and maintain documented environmental objectives and targets
- Actively reduce pollution and waste
- Diligently plan for mine closure and progressively rehabilitate the areas we disturb
- Contribute to the conservation of biodiversity and integrated approaches to land-use planning
- Fulfil our compliance obligations, identify and report non-compliance, and complete corrective actions
- Facilitate and encourage responsible product design, use, re-use, recycling, and disposal of our products
- Implement effective and transparent engagement, communication, and independently verified reporting arrangements to ensure internal and external stakeholder awareness

### Responsibilities

The IGO Board and Executive Leadership Team have ultimate oversight for the implementation of environmental management and improvements.

All IGO employees and contractors have a shared and personal responsibility to ensure our business activities are managed in accordance with this Policy.
